☐ Continuation Sheet Attached

Brief Description of Argument to be Presented:

The combination of Teegan, Suresh, and Niewiadomski does not teach or suggest all the limitations of the independent claims, including "wherein each of the alternative implementations of the standard programming functions is internal to a respective each of the plurality of applications," in combination with the remaining features of the independent claims.

An interview was conducted on the above-identified application on 11/12/2009.

NOTE: This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
